

Dave's Blarg!

2011-Oct-25

Hello there ☺ Another office day today, so not too much excitement, but I parked near the back door so you can see the short walk from my parking spot to the door.

2 steps from my car door to the building

And the four steps from the door to my office ☺ One time a guy asked me what the intangibles were that made me like my job, and the top of the list was 'parking'.

And another four to my office!

That's right, a Toughbook with Velcro strips for the win!

Solar Car team Electronics group, look at all the happy smiles ☺

After work I stopped by the osu solar car team electronics meeting. It looks like they're well on their way to having a good team to build up the next car! You can read more about them at www.osusvt.com

Until Tomorrow!
