

Dave's Blarg!

2011-Nov-06

Today was car day ☺ Not too much to say about it, except that if it crosses your mind, you should probably check to see what year your car is *Before* you go into Autozone to get the fan belt :p (or at the very least you should check after you get back out if you've just made a number up instead of remembering (who does that! :p) So yeah, fan belt on Stephs car, and muffler on Jessicas ☺ It was a pretty good day.

This poor car didn't get worked on at all today ☹ It's been here long enough to get a name, any suggestions?

It's a bit hard to see (what do you mean I was taking a picture while driving officer?) but I saw this awesome "yo Taco" truck while I was driving around on campus today :D I'd say I want one, but I wouldn't want brick to get jealous.:D

Interpretive free form exhaust welding as art ☺

Everyone still reading this should send back a picture of your day, one random pic, no matter how exciting/boring your day is! ☺
